# About Us

## A Brief Intro About The Company

*Headquartered in Hubli, we are dedicated to providing exceptional talent solutions, including tailored staffing services, expert Interviewing Services, and comprehensive Business Analysis services. Alongside this, we specialize in creating AI-driven tools that redefine business processes and enhance operational efficiency.*

*Our upcoming AI-powered Job Portal, currently under development, is engineered to transform the hiring landscape through advanced automation and intelligent workflows. It offers job seekers a suite of AI-driven features such as Virtual Interview Preparation, an AI Resume Builder, and an AI Upskilling Counsellor. For employers, the platform delivers a fully automated, AI-driven end-to-end recruitment BOT designed to streamline and enhance the hiring process.*

*With a team of visionary leaders, industry specialists, and technology experts, we are committed to delivering cutting-edge solutions that drive business success and elevate talent acquisition strategies.*

# VISION

*To be a global leader in delivering innovative technology solutions and talent services, empowering businesses to thrive in a rapidly evolving digital world*

# MISSION

01

*To craft cutting-edge AI-driven software products that transform business processes and drive operational excellence.*

02

*To provide world-class staffing, interviewing, and business analysis services that connect businesses with the right talent and solutions.*

03

*To foster long-term partnerships with clients by delivering exceptional value, quality, and customer satisfaction.*

# OUR SERVICES

At *Crafted Robo Technologies*, we are dedicated to delivering excellence through our expert services. Our team of skilled professionals brings unparalleled expertise in software development, Talent solutions, Interview Services and Business Analysis Services. By leveraging cutting-edge technology and industry best practices, we ensure that every project and service we undertake exceeds expectations.

# SOFTWARE DEVELOPMENT

*Leveraging cutting-edge technologies, particularly in the realm of Artificial Intelligence (AI), we craft intelligent products tailored to meet your specific needs. Whether you're looking to develop AI-driven tools or require custom software to enhance your operations, our team of experts is here to deliver exceptional results.*

*From concept to deployment, we handle every phase of the software development process, ensuring that your project is delivered on time and on budget. Our expertise spans across various platforms and industries, allowing us to develop solutions that drive measurable results.*

# TALENT SOLUTIONS

*Our Talent Solutions are designed to simplify and enhance your recruitment process, providing you with skilled professionals who are the perfect fit for your organizational needs. From identifying top-tier candidates to handling the entire hiring process, we offer end-to-end recruiting services that ensure you get the right talent, every time.*

*Our talent acquisition specialists work closely with you to understand your unique requirements, company culture, and business goals, ensuring that every candidate we present is aligned with your vision.*

# INTERVIEW SERVICES

*We offer in-depth technical interviews conducted by experienced professionals in specific fields. This helps you streamline the recruitment process by ensuring that only technically proficient candidates move forward.*

*We provide interview services for -*

*AI/ML | Business Analysis | Java | DevOps | Business Operations*

# BUSINESS ANALYSIS

*Our experienced business analysts work as a bridge between your business needs and technological solutions, ensuring that your projects are successfully executed and aligned with your company's vision.*

*Business analysis is essential for ensuring that the solutions you implement meet both your current and future business objectives. At Crafted Robo Technologies, we provide a structured, data-driven approach to analyzing your business processes, identifying inefficiencies, and recommending solutions that are aligned with your strategy.*

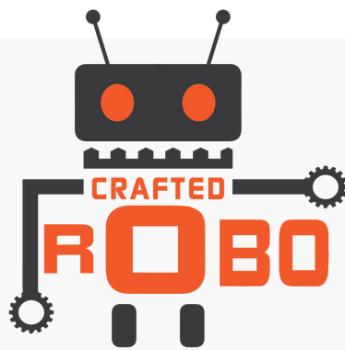

# CRT AI - INTRO

*I am CRT AI – an advanced AI-powered Job Portal built to transform the recruitment ecosystem through intelligent automation and smart workflows. I offer job seekers a powerful suite of AI-driven tools, including Virtual Interview Preparation, an AI Resume Builder, and an AI Upskilling Counsellor to support continuous career growth.*

*For employers, I provide a fully automated, AI-driven end-to-end recruitment BOT that streamlines sourcing, screening, matching, and evaluation, enabling faster and more efficient hiring. I also bring enhanced skill-based assessments, unbiased evaluation processes, and strong fraud-prevention measures through Aadhaar-verified profiles, ensuring that every hiring decision is accurate, trustworthy, and secure.*

*With my integrated intelligence and automation-first architecture, I redefine how both job seekers and employers experience recruitment.*

# COMPANY LEADERSHIP

## **Umesh Salve - Director**

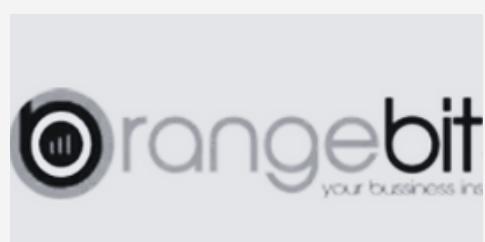

*Umesh leads and manages high-performing teams, driving growth and efficiency in Talent Solutions, Interview Services, and Business Analysis at Craftedrobo Technologies. With over a decade of experience in talent acquisition and recruitment strategy, he ensures seamless workforce solutions for clients across industries.*

## **Meghasyam Peesapati - Director**

*Meghasyam leads Software Development, Contracts, Compliance, Finance, and Accounts at Craftedrobo Technologies. With extensive experience in software development and IT consulting, he plays a pivotal role in driving innovation, overseeing technology-driven projects, and ensuring operational efficiency. He also manages corporate governance, financial management, and legal compliance, maintaining business stability and growth.*
